St. John's Roman Style Mosaic

Can you design and produce a St. John's themed Roman style mosaic?

- This could be a mosaic of our school lamb, or the school building or maybe the birds of the house team you are in. Whatever you like that reminds you of St. John's school.
- You could use any media, for example:

coloured paper like you did in school or,
stones,
food,
pens,
chalk,
lego
or even food!

Please take photos of your creations.

We look forward to seeing them all.
